

THE WHITE HOUSE

WASHINGTON

September 4, 2025

Dear Mr. President:

I write to apprise you of military action taken on September 2, 2025, in the Caribbean Sea and of the potential for further such actions.

Extraordinarily violent drug trafficking cartels that the United States has designated as terrorist organizations have wrought devastating consequences on American communities for decades, causing the deaths of tens of thousands of United States citizens each year and threatening our national security and foreign policy interests both at home and abroad. These organizations have evolved into complex structures with the financial means and paramilitary capabilities needed to operate with impunity, engaging in violence and terrorism that threaten the United States and destabilize other nations in our own Hemisphere. Friendly foreign nations have made significant efforts to combat these organizations, suffering significant losses of life due to organized violence at the hands of the groups designated as terrorist organizations, but these groups are now transnational and operate throughout the Western Hemisphere.

In the face of the inability or unwillingness of some states in the region to address the continuing threat to United States persons and interests emanating from their territories, we have now reached a critical point where we must meet this threat to our citizens and our most vital national interests with United States military force in self-defense. Accordingly, at my direction, on September 2, 2025, United States forces struck a vessel at a location beyond the territorial seas of any nation that was assessed to be affiliated with a designated terrorist organization and to be engaged in illicit drug trafficking activities.

It is not possible at this time to know the full scope and duration of military operations that will be necessary. United States forces remain postured to carry out further military operations.

I am providing this report as part of my efforts to keep the Congress fully informed, consistent with the War Powers Resolution (Public Law 93-148). I directed these actions consistent with my responsibility to protect Americans and United States interests abroad and in furtherance of United States national security and foreign policy interests, pursuant to my constitutional authority as Commander in Chief and Chief Executive to conduct United States foreign relations. I appreciate the support of the Congress in this action.

Sincerely,

A large, bold, handwritten signature in black ink, which appears to be "Ronald Reagan". The signature is written in a cursive style with prominent, sharp peaks and valleys, particularly in the first few letters.

The Honorable Charles Grassley
President pro tempore
of the Senate
Washington, D.C. 20510
